

BELVY

RED BLEND

IGP PAYS D'OC

HISTORY

This wine is the result of passion and a reasoned viticulture. The grapes are carefully selected among our vineyards located on the different terroirs of Limoux (Languedoc Roussillon) which allows us to develop the best wine in terms of taste and quality while limiting our production to preserve our environment.

VINEYARDS

This red blend is the perfect combination of three terroirs: the minerality from the Upper Valley terroir, the roundness from the Mediterranean terroir and the freshness from the Oceanic terroir.

WINEMAKING

Mechanical harvest at perfect maturity. Crushing before fermentation in thermo-regulated tanks. Malolactic fermentation. Aging in stainless steel tanks. Light filtration at bottling.

TASTING NOTES

- **APPEARANCE**
Purple red color.
- **NOSE**
Notes of red and black berries.
- **TASTE**
The aromas continues on the palate. Well balanced wine, supple and full of charm.
